HYGIENIC UNDERPAD FOR BABY

WITH EXTRA SOFT BACKSHEET AND LAVENDER SCENT

For parents looking for a hygienic underpad that provides reliable protection and comfort for their little ones, "SanaSet Baby Premium Lavander" underpads are the perfect choice. Featuring colorful prints of birds, these underpads not only offer exceptional absorbency and protection against leaks and spills, but also a fun and engaging design. SanaSet Baby Premium line of products has especially soft back sheet that adds an extra layer of cushioning, ensuring maximum comfort for your little one.

In addition to their exceptional absorbency and comfort, our baby underpads are infused with lavender flower water for a pleasant and calming scent. This helps to soothe babies and promote a sense of relaxation and calmness, making diaper changes and bedtime routines a more enjoyable experience for both babies and parents.

Whether you're using them for diaper changes or as a protective layer on a baby's bed, our underpads will provide the gentle support your baby needs to stay comfortable and happy.
